

"Welcome to Winten Hive, the next-generation smart home platform designed to revolutionize safety, energy management, and automation."

Slide 1: Problem

Problem:

- Most homes lack an integrated solution for security, energy management, and smart automation.
- Existing systems are fragmented, expensive, and difficult to implement.
- This creates inefficiencies, higher costs, and security risks for homeowners.

Slide 2: Solution

Solution:

- Winten Hive combines AI, IoT, and seamless integration to offer a comprehensive smart home solution.
- Features include:
 - Real-time monitoring.
 - Energy optimization.
 - State-of-the-art security.
- Homeowners can save money, improve safety, and enjoy a better quality of life.

Slide 3: Business Model

Business Model:

1. Subscription Plans:

- Basic: 10 EUR/month.
- Premium: 30 EUR/month.
- Elite: Custom pricing.

2. Hardware Sales:

- Devices like sensors, cameras, and smart hubs.

3. Partnerships:

- Collaborations with energy providers and construction companies.

Slide 4: Market Opportunity

Market Opportunity:

- The global smart home market is projected to exceed \$200 billion by 2025.
- Winten Hive targets high-growth areas, including:
 - Energy savings.
 - Home security.
 - Automation.
- We aim to capture a significant share of this market.

Slide 5: Our Team

Our Team:

- Led by passionate innovators.
- Expertise in:
 - Artificial Intelligence.
 - IoT development.
 - Product design and execution.
- Committed to delivering a game-changing solution.

Slide 6: Investment Opportunity

Investment Opportunity:

- Seeking 50,000 EUR in funding to:
 - Finalize our prototype.
 - Expand our team.
 - Execute a pilot project.
- Investors will gain equity and a strategic position in the rapidly growing smart home market.
